Your Comments

My husband's family is a long line of Dairy farmers & although it has been tough the past decade with the drought, it is an Australian family farm which is home for so many families of the extended family. Our family has been coming to live for over a decade ~~there~~ for riding motorbikes, staying in the shearers quarters with other close family friends. It has turned into a great life experience for everyone & we are hoping this will continue with my grandchildren. It has been hard on this community for the past couple of years, getting through Covid19 & previously drought. It is great to be back & supporting their businesses & families. We are losing the Australian land & the open spaces. Please support families & STOP preying on the vulnerable.
