Subject: Limondale Solar Farm – Modification 2 Response to Submissions

Dear Mr Radford

The exhibition of the Modification Report for Limondale Solar Farm Modification 2 concluded on 7 June 2022.

The Department received no submissions from the general public on the project and received advice from ten government agencies. The Department notes that advice from the Rural Fire Service is still outstanding and will be forwarded to you once received. All submissions received by the Department during the exhibition can be viewed on the Department's website at www.planningportal.nsw.gov.au/major-projects/projects/mod-2-battery-energy-storage-system.

You are requested to prepare a written response to the full range of matters and recommendations raised in the agency and Council advice by **Thursday 30 June 2022**. The written response must be in the form of a submissions report that has been prepared having regard to the *State Significant Development Guidelines (2021)*. The *Preparing a Submissions Report Guideline* forms part of the SSD Guidelines (Appendix C).

Please lodge your response by progressing the application on the major projects planning portal <https://majorprojects.planningportal.nsw.gov.au/>.

If you have any questions, please contact Elisha Dunn at 9995 6629 or at elisha.dunn@dpie.nsw.gov.au.

Yours sincerely

Nicole Brewer
Director
Energy Assessments

as delegate for the Planning Secretary
