I request that my private information (name and address) not be disclosed.

I would like to OPPOSE the proposed Minarah College

As a local who has lived in the area for many decades, I am writing to oppose Minarah College.

To start, I do not have access to a computer or email and had to ask family members to put my words down to express my concerns. I have had some discussions to get an understanding of what they propose.

I believe the addition of a right turn lane will directly impact the immediate residents of the site and do not agree that this will ease traffic queues on Catherine Fields road, especially during peak times and during school events.

I also do not agree with the overland flow report. I suggest that the company that carried out this report conduct a more thorough inspection of the site in all types of weather and consider the impact this will have on neighbours that will cop the brunt of the water on the opposite side of Catherine Fields road and downstream.

I do not agree that Catherine Field has a demand for a school that caters for students that live in a different Local Government area.

To finish, I have been told that there are no plans in the application to make any improvements to Catherine Fields road other than to benefit the school site. All roads around Catherine Field are dangerous and an increase in traffic will only add to this danger.

I have / I have not made any reportable political donations
