Dear Nahid,

My family have lived in Catherine Field for over 20 years.

I am writing to **Oppose** Minarah College in Catherine Field.

Being a regular visitor of Catherine Field and in particular travelling on Catherine Fields road for many years, I believe that the proposal for a school in this area does not meet with its rural aspect.

The conditions of our roads have not changed over the period that I have been using it. There is no pedestrian or bicycle path ways nor are there any future plans for them to be installed. It will not be safe for local residents to walk or ride to school safely.

3.4.1 of The Transport & Accessibilty Impact Assessment clearly states: Currently there are no provisions for footpaths along the Catherine Fields road. Also: There is no anticipated footpath works planned for the Catherine Field area.

This does not meet the Infrastructure Requirements and Utilities outlined Environmental Assessment Requirements "identify any infrastructure upgrades required on-site & off-site to facilitate the development & any arrangements to ensure that the upgrades will be implemented on time and be maintained".

On the basis of this, I object.

Thank you
