Planning and Assessment

Department of Planning and Environment

Locked Bag 5022 Parramatta NSW 2124

Attention: Nahid Mahmud

Minarah College

SSD-30759158 - Application Number

From:

I want to Oppose Minarah College

I don't want my contact information to be shared

To who it may concern,

I have lived in Catherine Field for more than 30 years. In that time, I have seen many floods. We are affected by the flow of water from properties higher than us, similar to that of neighbours across the road from the school. This causes our front yard to become muddy. I think if the school goes ahead, the neighbours that live downstream will be hugely impacted

I am also worried about the huge increase of traffic. Our roads are busy now and they want to build a huge school with most people coming by car.

I had a look at the road changes that they want to do. How can a right turn lane from one direction and a left turn lane from the opposite direction enter a single driveway safely? I don't see any plans for traffic signals on the map. I think this will definitely be a problem and cause cars lining up from both directions which is dangerous to other drivers that won't be entering the school.

Because of the above I object the building of a school on Catherine Field road
