Planning and Assessment

Department of Planning and Environment

Att: Nahid Mahmud

Locked Bag 5022 Parramatta NSW 2124

21st July 2022

Ref: Minarah College 268-278 Catherine Field rd, Catherine Field NSW 2557

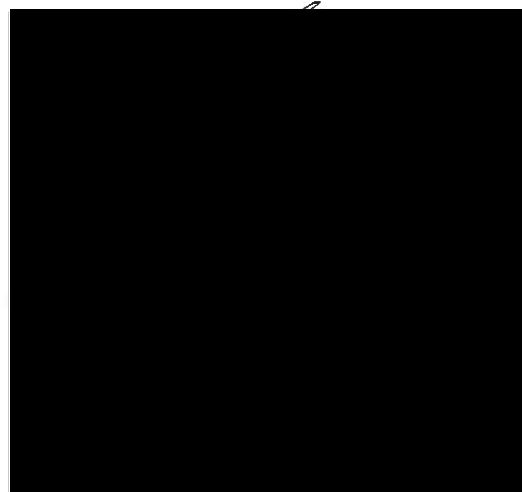

Application Number: SSD-30759158

I am writing to **Oppose** the Minarah College project in Catherine Field.

I request that my personal information remain confidential.

I declare that I have not made or received any reportable political donations

Sincerely,

I have considered the many documents associated with this development application and believe that there is too much questionable data therein.

For example:

- (1) How can a traffic report based on traffic data derived during covid be an accurate assessment?
- (2) How can a noise and vibration report also derived during a pandemic event, not to mention a missing sound logger provide accurate data?
- (3) Why is there soil testing data from a site in Denham Court dated July 2020 an accurate assessment of the site?
- (4) Why was a third site surveyed and then later withdrawn?
- (5) Why does the social impact report want to add casual surveillance to surrounding properties?
- (6) Why was there only one option for a zoom meeting on a weekday evening?
Particularly when a lot of local residents do not have access to a computer?
- (7) Why are the students travelling to the school from a completely different LGA?

The applicant has merely submitted an application that ticks the boxes at a bare minimum. A school or any development of this size does not belong in rural Catherine Field. I strongly object to this application
