**Based on Appendix A- Secretary's Environmental Assessment Requirements Table**

**Capital Investment Value and Employment** says to refer to Document Reference Section 3.1 and Appendix DD.

(a) Section 3.1 of the EIS is the Project Overview and only makes mention of the Capital Investment Value being \$93,399,314. There is no document present in Section 3.1 that has been prepared by a qualified quantity surveyor.

(b) Appendix DD is the "Disability Access Report" that makes no mention of Capital Investment Value (CIV) nor does it ever mention the new jobs that would be created.

**18. Aboriginal Cultural Heritage** says to refer to Appendix and Section 6.16

(a) there is no "Appendix " present in any documents associated with this development proposal

**26. Engagement** says to refer to Appendix D, Appendix G and Section 6.23

(a) there is no Section 6.23 present in the Environmental Impact Statement.

**Consultation** says to refer to Section 5, Section 6.23, Appendix D and Appendix G

(a) again, there is no Section 6.23 in the Environmental Impact Statement

Based on these findings above, I believe that all documentation related to Minarah College do not meet the requirements of State Significant Guidelines 1.4 'Supporting Materials'.

I therefore believe that this project does not satisfactorily meet requirements of a State Significant Development and should not be approved.

I declare that I have not made any reportable political donations.
