I request that my private information [REDACTED] Catherine Field,
not be disclosed.

I declare that I have not made any reportable political donations

I would like to OPPOSE the proposed Minarah College.

Reasons being is that the rural nature of our community is what I would like to remain.

The amount of traffic this college will create when being built over the years and during operation is not acceptable to me.

Our roads can't cope as it is and this proposal will stress the road conditions even worse.

As a plumber, I see the effects of the inadequate road embankments coping with stormwater in our area, the college operations will only add to such stress and inefficiency.

The sewer disposal systems in these areas are designed for rural nature conditions and not for the amount of staff and students the college proposes.

Yours faithfully,
