I request that my private information [REDACTED]

I declare that I have not made any reportable political donations

I would like to OPPOSE the proposed Minarah College.

Reasons being is that the rural nature of our community is what I enjoy most about this area.

The amount of traffic this college will create when being built over the years and during operation is not acceptable to me.

Our roads can't cope as it is and this proposal will stress the road conditions even worse.

I will also not appreciate any amplified loud speakers or sirens emanated during college operations.

We already have a community hall that has satisfied community needs for the years i have lived here, being over 10 years, and we will not need one if proposed by the college.

Yours faithfully,
