Suburb: 

Public and Active Transport

There are opportunities to capitalise on public transport use to reduce the dependency of private vehicle travel. There is an opportunity for ancillary serviceability (via shuttle or a similar chartered service) from Leppington Station, which is located 5km north-east or to Minto Station, approximately 8km to the south-east to Minarah College. This option would reduce dependency on private vehicle travel and decrease traffic congestion. Having regard for the above, it is demonstrated that part of Catherine Fields Road is adequately dimensioned to provide bus serviceability. As part of the school development, potential school bus routes will be explored to further service the future student population.

Currently there are no provisions or anticipated future provisions for footpaths or cycling paths along the Catherine Fields Road frontage in either direction. This has been determined in consultation with both TfNSW and Camden Council and outlined above. However, as the Catherine Field North Precinct expands to accommodate new residential development, it is expected that the current footpath network will grow to provide adequate connectivity through the locality.

I object ~~based~~ on the above document.
