Description of proposal

The above State Significant Development (SSD) application and Environmental Impact Statement (EIS) was exhibited between 14 October 2021 and 10 November 2021. The Applicant provided a Submissions Report which responds to the submissions lodged during the exhibition of the EIS and included design refinements. The Submissions Report was published on the NSW Planning Portal on 15 April 2022.

Subsequently, the Applicant has submitted an amended proposal that includes the following amendments:

- construction and operation of the development in a single stage (previously two stages)
- reduction in student capacity from 1,530 to 850 students so that the development does not rely on use of the future the playing fields to the north and future road (for car parking, drop-off/pick-up and service vehicles) to the east of the site
- reduction in size of the two storey hall building and reconfiguration of the site layout/outdoor activity areas so that there is no development within the approved Ridge Road reserve (as approved under development application DA/875/2017/A)
- retention of the existing roundabout at the intersection at Burroway Road and Wentworth Place
- primary access, site servicing, all drop-off/pick-up and waste collection to occur from the Burroway Road frontage.
