Subject: Eastern Creek REP Throughput Increase SSD-11606719

To Whom It May Concern,

I object to the proposed Eastern creek REP Throughput Increase SSD-11606719 because the smell from the Bingo's Eastern Creek REP facility has driven us crazy and because this company didn't want to own up to being responsible for causing the environmental damage.

The EPA are taking them to court so this must be done before any expansion can occur because the outcome of the court case will effect the outcome.

I do not want my details to be made public.
