Subject: Objection to Incinerator at Eastern Creek

To the fine people at Planning NSW,

I would like to take a couple minutes of your time to say I do object to this.

I am a hard working person and don't possess the big words that I am sure you have received or expect in submissions of this type.

I do object for many reason but to put it simply. The health of not just myself but my children, grandchildren and neighbours.

We suffer enough as it is with modern day smog among other things and to add another facility in the area will be unfair, devastating and detrimental.

Please please rule against placing this in our area.

If you do plan that a facility of its kind must go ahead please place it away from any residents.

I thank you for your time and ask you to please rule against placing this in our area.

Regards

Rebekah Matthews
