Subject: NSW Department of Planning and Environment SSD-11606719 Eastern Creek REP Throughput Increase Amendment Report

Hello Sheelagh

I refer to the Department's below email of 9 November 2023 regarding the Amendment Report for the Eastern Creek REP Throughput Increase (SSD-11606719). Submissions need to be made to the Department by 22 November 2023.

Appendix C Detailed Submissions Responses in Section 1 'RESPONSE TO SUBMISSIONS – GOVERNMENT AGENCIES' includes the following advice.

Response

The location and design of electrical substations are subject to detailed design. Note that a connection offer for a new high voltage customer (HVC) substation including provision for the amended Proposal is currently in progress. Any future provision of electrical substations will be undertaken in accordance with Endeavour Energy standards and with a Level 3 Accredited Service Provider.

Endeavour Energy's 'Standard Conditions for Development Applications and Planning Proposal' are noted. Bingo will continue to consult Endeavour Energy through detailed design development.

Based on and subject to the foregoing Endeavour Energy has no further recommendations or comments and the previous submissions essentially remain valid.

Please find attached for the applicant's reference a copy of Endeavour Energy's Standard Conditions

for Development Applications and Planning Proposals, Version 9, August 2023 which provides additional and updated information. For further advice the applicant can call Endeavour Energy via Head Office enquiries on business days from 9am - 4:30pm on telephone: 133 718 or (02) 9853 6666 and the following contacts:

- Customer Network Solutions Branch for matters related to the electricity supply or asset removal / relocation who are responsible for managing the conditions of supply with the applicant and their Accredited Service Provider (ASP). Alternatively contact can be made by email cicadmin@endeavourenergy.com.au.

The applicant will need to contact Endeavour Energy's Customer Network Solutions Branch if this Development Application:

- Includes any contestable works projects that are outside of any existing approved / certified works.
- Results in an electricity load that is outside of any existing Supply / Connection Offer requiring the incorporation of the additional load for consideration.
- Easements Officers for matters related to easement management, protected works or other forms of property tenure / interests. Alternatively contact can be made by email Easements@endeavourenergy.com.au.
- Property Branch for matters related to property tenure. Alternatively contact can be made by email network_property@endeavourenergy.com.au (underscore between 'network' and 'property').
- Field Operations Branch for safety advice for building or working near electrical assets in public areas. The site is in the area covered by Kings Park Field Service Centre. Alternatively contact can be made by email Construction.Works@endeavourenergy.com.au.

Should you wish to discuss this matter, or have any questions, please do not hesitate to contact me or the contacts identified above or in Endeavour Energy's previous submissions in relation to the various matters. Due to the high number of development application / planning proposal notifications submitted to Endeavour Energy, to ensure a response contact by email to Property.Development@endeavourenergy.com.au is preferred.

Kind regards

Cornelis Duba | Development Application Specialist
