Dear Mr Murphy

The exhibition of the development application and environmental impact statement (EIS) for the Manildra - Port Kembla Bulk Liquid Terminal (SSD-33042483) ended on 15 Aug 2022. We have placed all submissions on the NSW planning portal at <https://www.planningportal.nsw.gov.au/major-projects/projects/manildra-port-kembla-bulk-liquid-terminal>

The Department is waiting on submissions from several public authorities including Wollongong City Council. These submissions will be provided to you and uploaded to the Planning Portal as soon as they are received.

We now require a written response to issues raised in the submissions, as required under section 59(2) of the Environmental Planning and Assessment Regulation 2021.

The written response must be in the form of a submissions report that has been prepared having regard to the *State Significant Development Guidelines including Appendix C - Preparing a Submissions Report*. We also require a response to the issues raised by agencies in their advice. This response may be incorporated into the submissions report.

Please lodge your submissions report by Friday 16 September 2022 via the NSW planning portal <https://majorprojects.planningportal.nsw.gov.au/>.

Note that the time between the date of this letter and the date the Planning Secretary receives your response is not included in the 'assessment period' under section 94(1) of the Environmental Planning and Assessment Regulation 2021.
