Mr Anthony Ko
Planning Officer
Resource and Energy Assessments
Department of Planning and Environment
anthony.ko@planning.nsw.gov.au

Dear Mr Ko

Western Coal Services Modification 2

I refer to the statement of environmental effects for the Western Coal Services (SSD 5579) Modification 2 emailed to the Office of Environment and Heritage (OEH) on 14 September 2017.

OEH understands that the proposed modification will not require changes to surface infrastructure, and no major changes to approved surface operations are proposed. As such, the approved disturbance footprint for the project will not change, so there will be no additional ground disturbance or clearing of native vegetation. No change to the rehabilitation program for the site will occur as a result of the proposed modification.

Based on the information provided, OEH has no specific comments regarding the proposed modification. If you have any queries, please contact Liz Mazzer, Conservation Planning Officer on 6883 5325 or liz.mazzer@environment.nsw.gov.au.

Yours sincerely

PETER CHRISTIE
Director North West
Regional Operations Division
