Dear Mr Dobbs

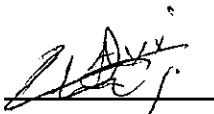

**APPLICANT: 2A GREGORY PLACE PTY LIMITED**

**NOTICE OF EXHIBITION – SSD-31179510- GREGORY PLACE BTR**

**SUBMISSION OBJECTION**

The development is considerable and will have traffic impact on the community and the surrounding Parramatta area in general. The development will exacerbate the current traffic issues facing Parramatta at present. Hassall Street and the surrounding streets leading in and out of Parramatta already have major traffic issues which have not been addressed. They will be further exacerbated by a development of this size. Presently, the lots contain industrial factories and the activities do not impact on the area.

Kind Regards

Mr Stephen Dobbs

The development will exacerbate the current traffic issues facing Parramatta at present. Hassall Street and the surrounding streets leading in and out of Parramatta already have major traffic issues which have not been addressed. They will be further exacerbated by a development of this size. Presently, the lots contain industrial factories and the activities do not impact on the area.

**NOTICE OF EXHIBITION – SSD-31179510- GREGORY PLACE BTR**

**SUBMISSION OBJECTION**

The development is considerable and will have traffic impact on the community and the surrounding Parramatta area in general. The development will exacerbate the current traffic issues facing Parramatta at present. Hassall Street and the surrounding streets leading in and out of Parramatta already have major traffic issues which have not been addressed. They will be further exacerbated by a development of this size. Presently, the lots contain industrial factories and the activities do not impact on the area.

Hassall Street and the surrounding streets leading in and out of Parramatta already have major traffic issues which have not been addressed. They will be further exacerbated by a development of this size. Presently, the lots contain industrial factories and the activities do not impact on the area.

Dear Mr Dobbs

**APPLICANT: 2A GREGORY PLACE PTY LIMITED**

**NOTICE OF EXHIBITION – SSD-31179510- GREGORY PLACE BTR**

**SUBMISSION OBJECTION**

The development is considerable and will have traffic impact on the community and the surrounding Parramatta area in general. The development will exacerbate the current traffic issues facing Parramatta at present. Hassall Street and the surrounding streets leading in and out of Parramatta already have major traffic issues which have not been addressed. They will be further exacerbated by a development of this size. Presently, the lots contain industrial factories and the activities do not impact on the area.

Kind Regards

Kevin Karam

Dear Mr Dobbs

**APPLICANT: 2A GREGORY PLACE PTY LIMITED**

**NOTICE OF EXHIBITION – SSD-31179510- GREGORY PLACE BTR**

**SUBMISSION OBJECTION**

The development is considerable and will have traffic impact on the community and the surrounding Parramatta area in general. The development will exacerbate the current traffic issues facing Parramatta at present. Hassall Street and the surrounding streets leading in and out of Parramatta already have major traffic issues which have not been addressed. They will be further exacerbated by a development of this size. Presently, the lots contain industrial factories and the activities do not impact on the area.

Kind Regards

**SUBMISSION OBJECTION**

The development is considerable and will have traffic impact on the community and the surrounding Parramatta area in general. The development will exacerbate the current traffic issues facing Parramatta at present. Hassall Street and the surrounding streets leading in and out of Parramatta already have major traffic issues which have not been addressed. They will be further exacerbated by a development of this size. Presently, the lots contain industrial factories and the activities do not impact on the area.

Kind Regards
