I Object to the proposal because it is inconsistent with the conservation precinct which includes Elizabeth Farm and the area has significant cultural history. The area is an excellent example of the stages of indigenous history, colonial history and the waves of migration that have occurred in the area. It is out of place in terms of the history which is so significant around it. That includes the heritage conservation area of Elizabeth Farm surrounding the parish and Hambeldon Cottage Museum which will be in front of the proposed development.

Dear Sir/Madam

APPLICANT: 2A GREGORY PLACE PTY LIMITED

NOTICE OF EXHIBITION – SSD-31179510- GREGORY PLACE BTR

SUBMISSION OBJECTION

I Object to the proposal because it is inconsistent with the conservation precinct which includes Elizabeth Farm and the area has significant cultural history. The area is an excellent example of the stages of indigenous history, colonial history and the waves of migration that have occurred in the area. It is out of place in terms of the history which is so significant around it. That includes the heritage conservation area of Elizabeth Farm surrounding the parish and Hambeldon Cottage Museum which will be in front of the proposed development.

NOTICE OF EXHIBITION – SSD-31179510- GREGORY PLACE BTR

SUBMISSION OBJECTION

I Object to the proposal because it is inconsistent with the conservation precinct which includes Elizabeth Farm and the area has significant cultural history. The area is an excellent example of the stages of indigenous history, colonial history and the waves of migration that have occurred in the area. It is out of place in terms of the history which is so significant around it. That includes the heritage conservation area of Elizabeth Farm surrounding the parish and Hambeldon Cottage Museum which will be in front of the proposed development.

NOTICE OF EXHIBITION – SSD-31179510- GREGORY PLACE BTR

SUBMISSION OBJECTION

I Object to the proposal because it is inconsistent with the conservation precinct which includes Elizabeth Farm and the area has significant cultural history. The area is an excellent example of the stages of indigenous history, colonial history and the waves of migration that have occurred in the area. It is out of place in terms of the history which is so significant around it. That includes the heritage conservation area of Elizabeth Farm surrounding the parish and Hambeldon Cottage Museum which will be in front of the proposed development.

I Object to the proposal because it is inconsistent with the conservation precinct which includes Elizabeth Farm and the area has significant cultural history. The area is an excellent example of the stages of indigenous history, colonial history and the waves of migration that have occurred in the area. It is out of place in terms of the history which is so significant around it. That includes the heritage conservation area of Elizabeth Farm surrounding the parish and Hambeldon Cottage Museum which will be in front of the proposed development.
