

Submission

I state I am significant in frustration  
application  
in land Reel to I have

I am against all these replacement  
rents I am for peace and  
quiet. This is a really  
bad idea.

The big plan you should  
build at least that by  
itself, or put it all on a  
ship!

I already have no real  
problems already.

I am an older <sup>gentle</sup> and I object  
to it all. You can't  
disrupt people's lives  
and living conditions.

I object to this  
proposal.
