

Submission: SSD – 6696-Mod1 – Liverpool Range Wind Farm Turbine and Infrastructure changes

I am making a personal submission

Have you made reportable political donations? YES

Would you like to request your name be withheld YES

NO

NO

OBJECTION

Personal Information:

Name: RHONDA COURTNEY

Address:

Email Address:

Telephone number:

(Please withhold my personal information prior to publication)

I object to Tilt – Liverpool Range Wind farm submission – Mod 1 Turbine and infrastructure changes

Comments:

I HAVE BEEN A RESIDENT OF COOLAH SINCE 1999, AND HAVE

SOME KNOWLEDGE OF WINDFARM PLANNING FOR SOME TIME.

MY OBJECTIONS TO THESE CHANGES ARE BASED ON THE FOLLOWING

POINTS - 1 - A VERY SCENIC & UNIQUE VALLEY & SURROUNDS

WILL BE DESTROYED VISUALLY BY THESE TURBINES

2 - PLANS SHOW NO CONSIDERATION TO RETURNING

THE AREA TO ITS ORIGINAL STATE, AND NO

PLANNING FOR REMOVAL OF TOWERS WHEN
THEIR USEFUL LIFE HAS EXPIRED.

OBJECTION3 - CONCERN FOR THE AMOUNT OF WATER USAGE

REQUIRED. WE ARE A SMALL COMMUNITY RELYING ON BORE WATER AS OUR ONLY SOURCE OF RELIABLE WATER. OUR UNDERGROUND AQUIFERS ARE REGULARLY UNDER STRESS FROM DROUGHT AND NEED TO BE CAREFULLY MANAGED

4. DAMAGE TO INFRASTRUCTURE IS A MAJOR PROBLEM. OUR ROADS ARE NOT IN A SUITABLE CONDITION TO CARRY THE LOADS ANTICIPATED WITH THIS PROJECT.

5. FIRE DANGER AND THE ACCESS BY AERIAL & GROUND CREWS TO FIGHT FIRES EFFECTIVELY ON THESE LANDS. AERIAL ISSUES ALSO APPLIES TO FARMER TRYING TO ACCESS CROPS & STOCK BY AIR.

6. THERE APPEARS TO BE LITTLE OR NO BENEFIT TO TOWNS & COMMUNITIES AFFECTED BY THESE PLANS. IT SEEMS THE "POWERS THAT BE" HAVE PICKED THESE SMALL UNKNOWN TOWNS, OUT OF THE WAY, FROM THEIR OWN BACKYARDS - NOT GOOD ENOUGH.

7. THE NOISE FROM THESE TOWERS IS A LOT HIGHER THAN WE ARE TOLD. I HAVE VISITED TOWNS IN NSW, VIC, SA, & TAS THE NOISE IS ALWAYS THERE. ALSO AT TIMES YOU CAN FEEL A VIBRATION FROM TOWERS AT LEAST A KM AWAY. THIS IS FROM PERSONAL EXPERIENCE.

B - THE CURRENT PLAN SHOWS NO FIRM DETAIL
ON THE CORRIDORS FOR PLACEMENT OF
HIGH TRANSMISSION LINES AND OR THEIR
~~EESE~~ EFFECT ON THE LANDSCAPE AND
DANGERS TO HEALTH OF HUMANS & NATURE.

SUMMARY

FROM WHAT I HAVE READ & LEARNT THIS IS A
BADLY PRESENTED & THOUGHT OUT PLAN, WITH
LOTS OF HOLES & DETAILS OMITTED.
