I **object** to Tilt – Liverpool Range Wind farm submission – Mod 1 Turbine and infrastructure changes

Comments:

We have lived in this beautiful valley for 40 years and greatly object to the proposed even larger wind turbines. There will be much destruction of the natural environment, lowering of property values, greater increase in heavy traffic and noise. Aerial fighting of bushfires will be affected, electromagnetic interference, damage to wildlife and water supply will follow. Please reject this application for larger turbines!
