I **object** to Tilt - Liverpool Range Wind farm submission - Mod 1 Turbine and infrastructure changes

Comments:

I came to Coolah over 40 years ago and I intend to finish my days here, this is my home. These windtowers are objectionable, visual pollution at any height but the proposed increase is a blatant hijacking of the natural environment & the destruction of a way of life for the people of this valley. There will be a dangerous & intrusive increase in traffic. What provision is there to compensate landholders for the drop in property values? I object to this proposal most strongly.
