I **object** to Tilt – Liverpool Range Wind farm submission – Mod 1 Turbine and infrastructure changes

Comments:

My view of the mountains is going to be
compromised by the view of power lines and
wind turbines. I CAN'T UNDERSTAND WHY ANYONE WOULD
WANT TO DESTROY the environment (for money).
This is to no advantage to our community it will not
create local jobs the noise pollution is to increase
with the infrastructure and the turbines themselves
Why are they not being built in the city
for the majority of the population to view.
