

Re: SSD-6696-Mod-1 Liverpool Range Wind Farm Modification 1

I declare I have not made any reportable political donations in the last two years.

I acknowledge and accept the Department of Planning and Environment's disclaimer and declaration

Name: VIRGINIA LLOYD

Address: 99 MARTIN ST.

COOLAH NSW 2843

I OBJECT to the modification of the Liverpool Range Wind Farm for the following reasons:

The raised height of Turbines from 165 M
to 250 M. which makes it a new
development NOT MODIFIED
NO TOWERS to be ~~placed~~ less than
10 Ks from The Town of Coolah. owing
to excess impact of noise, fire,
and total disregard for The population.
The threat of bush fires caused by
Turbines not functioning.

The erosion of black soil while
roads are built and the impact on
wild life.

Where is the base load power
coming from for industry!!!

People's livelihood will be ruined
by your development. This area
is highly productive agricultural
land and should be kept as such
as the world is screaming out for
more FOOD!!

Yours sincerely

Virginia Lloyd.
