

Inland Rail is changing the area significantly and it is not right to expect me to continue to live here.

I require adequate compensation to move to an appropriate safe area in Mooro. I am 80 years of age. I feel safe in this area at the moment. Will cause devaluation of the property future generations. Inland Rail will change everything about this location.

I have been in negotiations with Inland Rail for voluntary but suggest that compulsory acquisition is more appropriate. This has been my home for most of my life.

Maintenance -

of culverts is essential in recent flood drainage in current soil wasn't working. Inland Rail needs to ensure that this issue has been taken into account. Encourage stringent monitoring of flooding.
