Parramatta NSW 2124

SOCIAL IMPACT STATEMENT

Dear Sir/Madam

Application Number SSD-14394209 - New High School – Bungendore

Save Bungendore Park Inc objects to this proposal.

We refer to the above referenced state-significant development application. As an organisation we have not, and no one associated with us, has made any political donation to any person in the two years preceding this submission.

Dr Alison Ziller PhD is a highly respected practitioner in the preparation and evaluation of social impact assessments. Her teaching, publications and research interests reflect this experience and her commitment to improved practice in this area.

Save Bungendore Park Inc approached Dr Ziller and requested her professional and objective review of SSD-14394209.

The attached report of her findings follows careful examination and review of the Bungendore community, current infrastructure, heritage, culture and publicly accessible amenities and facilities. She has received no remuneration from Save Bungendore Park Inc.

In Dr Ziller's opinion, some major considerations are missing from the current documentation of likely social impacts of this project. These are set out in the report.

Save Bungendore Park Inc formally submits this professionally prepared report which, on balance, supports the Group's objection to SSD-14394209.

Regards

Richard Gregory, President

Save Bungendore Park Inc
