Dear Sir/Madam

Re: Greenwich Hospital 97-115 River Rd Greenwich SSD - 13619238

Further to the "Response to Submission" report provided to HammondCare dated 14 November 2022 we provide the following commentary to dot point No. 6 in that report regarding a full survey of the site in particular the area in the south west corner of the site:

The required survey data for the detailed design SSD has been provided and there is no major impact to the southwestern portion of the site from the proposed development. The 2019 survey has interpolated contours from spot levels that were able to be obtained amongst the dense and overgrown section of the property. LTS believe adequate survey data has been provided in this SW section to adequately represent the topography in this area and this is reflected in the documentation.

Please do not hesitate to contact me should you require further information.

Yours faithfully
LTS LOCKLEY

Damian Maguire B.Surv. M.I.S. (NSW)
