I OBJECT to the modification of the Birriwa Solar Farm for the following reasons:

- # We have absentee farmers on either side of us who live in another district & they have taken this financial opportunity to the detriment of the community. This will impact on reduce of chemical, seed & fertilizer being spent at Delta, Stocklands etc & reduces employment of sheavers, spray contractors, harvesters, sowing, agronomists.  
We feel it will cause reduced property values particularly if we want to sell or lease our property.
- # The copies of 'montages' fail to produce a true representation of the visual impact of the development. It is fronting our home & driveway & will be a glaring ugly view.
- # Concerns for nuisance if we are "back burning" stubble as our annual sowing practices.
