

# Nichole Overall MP

## MEMBER FOR MONARO

6 December 2022

Department of Planning and Environment,  
Locked Bag 5022,  
Parramatta NSW 2124.

Dear Sir/Madam,

**Woodlawn Advanced Energy Recovery Centre**

**Application Number:** SSD-21184278

**Assessment Type:** State Significant Development

**Development Type:** Electricity Generation - Other

**Local Government Area:** Goulburn Mulwaree

I wish to make a submission on the proposed development 'Woodlawn Advanced Energy Recovery Centre'.

I am Nichole Overall MP, Member for Monaro, and resident of Queanbeyan.

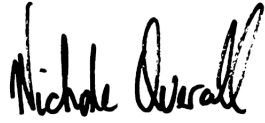

Despite the proposed Tarago waste-to-energy project being located in the electorate of Goulburn, I am making this representation in my capacity as Member for communities bordering that electorate – particularly Bungendore, Wamboin and Bywong. I note that Wendy Tuckerman, Member for Goulburn, has submitted an objection to the project as well as raising it in Parliament on three occasions.

This submission is to specifically advance the concerns of those Monaro residents who have contacted me in relation to having an incinerator in the region. My understanding is that the Queanbeyan Palerang Regional Council has also similarly made a submission.

As the Member for Monaro, I have received correspondence from constituents concerned about the impacts on the value of their homes, the visual impacts of smoke stacks, extra traffic on Tarago Rd and the potential impacts on their health.

I will continue to work with Wendy Tuckerman MP in relation to the local objections to the Tarago incinerator. I will also speak up for my electorate and continue to raise their concerns to the office of the Premier, Deputy Premier, Minister of Planning, Minister of Energy and the Minister of Environment.

Yours sincerely,

A handwritten signature in black ink that reads "Nichole Overall". The signature is written in a cursive style with a large, stylized 'N' and 'O'.

Nichole Overall MP  
Member for Monaro
