**Subject:** Objection to Woodlawn ARC (SSD-21184278)  
**Date:** Saturday, 3 December 2022 8:43:57 PM

---

My names is Rosalind Dobbie  
I live at 5223 Oallen Ford Road, Bungonia NSW 2580

My personal details can be disclosed with this objection  
I am lodging an objection to the Woodlawn ARC proposal  
I have no reportable political donations over the last 2 years to declare  
I accept the Department's disclaimer and declaration

I object to the proposed Woodlawn ARC on the basis that it introduces risks to public health, namely the potential for the release of dioxins, furans and heavy metals from the thermal process of the proposed facility into the surrounding area which is a rural 'food bowl' of long standing

With my family I operate a farm raising sheep for meat, 40km from the proposed facility in the path of the common prevailing winds

Any contamination of the soil and water would leach into the food chain and with the added problem of biomagnification as dioxin travels up the food chain. Dioxin is defined as one of the persistent organic pollutants, a lasting environmental contaminant and is recognised as a carcinogen by the US EPA

Allowing this ARC proposal would result in unacceptable risk to the public

Yours faithfully  
Rosalind Dobbie
