Re: Objection on The Tarago Waste Incinerator – Submission Vote: No

Greetings,

I purchased the property in Bungonia so all my family and I can use for lifestyle, go on weekends and holidays to mainly enjoy nature, get away from the busy Parramatta and most importantly enjoy health benefits of nature, fresh air and improve health.

I'm currently overseas and authorise my wife Therese Abi-Khattar to speak and discuss on my behalf.

All my immediate family that consists of my wife Therese Abi-Khattar, our eldest daughter Francine Farah (nee Abi-Khattar) with her husband Walid Farah and their children Emily Farah and Stephanie Farah, my younger son Elias Abi-Khattar and his wife Arze Abi-Khattar and their children Nassif, Therese, Joseph, David, Alex, Thomas and Ella Abi-Khattar, also our youngest son Youssef Abi-Khattar who lives with physical disabilities where my wife and I both care for him and who enjoys the property and the area for fresh air to help him with respiratory issues, we all object to the incinerator as it will negatively affect the enjoyment, the value of the property, our lifestyle, health and fitness and will restrict future improvements to the area.

Vote: Object – NO

I Nassif Abi-Khattar, declare, acknowledge, and accept The Department's disclaimer and Declaration.

Nassif Abi-Khattar – Saturday 3rd of December 2022
