Subject: No to the Incinerator
Date: Sunday, 4 December 2022 3:26:29 PM

I strongly object to Veolia's proposed incinerator being built in Tarago as it will pollute our area badly to everyone's health and nature.
I live in Braidwood so my family and I can have a healthier lifestyle.

Every area must keep their rubbish. Farmland and native bush, desert is a habitat not a dumping ground. Extinction of a 1000 plants and animals in NSW are at risk in the next few years.

People in Sydney have to keep their rubbish and learn not to have so much rubbish. When I live in Sydney in the 1960's we did not have much rubbish. Our milk, and other drinks were in glass bottles that were reused. Ice cream, fast food was in cardboard carton etc. Our Clothes were made from natural fibres. Appliances would last longer and could be fixed. Government needs to change many laws and put huge taxes on plastic goods and synthetic materials.

Not safe for Sydney, not safe anywhere in Australia. No to the Incinerator at Tarago.
