

Dear Sir/Madam,

I have been studying your proposed Tarago Incinerator (Woodlawn ARC: SSD-21184278).

I strongly object to bringing Sydney's rubbish to our rural area.

Reading about Veolia and their management of other projects, I have no confidence that they desire to protect us from contamination as a result of burning mass amounts of rubbish.

Imagine your family breathing in the fumes and toxic heavy metalswould you accept that situation?

Let Sydney deal with their own waste.

Regards

Jennifer Chiswell
