

**Name:** Cohen Gum

**Address:** Unit 106, 185 union street, Brunswick West VIC 3055

**Project:** Woodlawn ARC: SSD-21184278

My name is Cohen Gum, and I live in Brunswick West, Victoria. My friend, whom lives in Collector, NSW alerted me to a proposed waste to energy incinerator near Lake George. I object entirely to Veolia's proposed incinerator being built in Tarago. I lived in Canberra for many years and I'm deeply saddened not just by the environmental damage the incinerator will cause, but I'm also deeply concerned for the safety and welfare of my friend, her partner and young child who live in the area.

The NSW Government acknowledges in its own Energy from Waste Infrastructure Plan that waste incinerators impact human health

"Populations can still experience health impacts when emissions are below the national standards, and for some common air pollutants, **there is no safe threshold of impact**".

How could the NSW Government in good conscience approve Veolia's Waste to Energy incinerator knowing it will be located just 5km from a primary school and in a region where the majority of residents rely on tank water?

I, Cohen Gum, have not made any reportable political donations in the last two years.

I, Cohen Gum, acknowledge and accept the Department's disclaimer and declaration.

Cohen Gum
