

Name: Sarah Avery

Address: 35/14 Boolee Street, Reid ACT 2612

Project: Woodlawn ARC: SSD-21184278

My name is Sarah Avery, and I live at **35/14 Boolee Street, Reid ACT 2612**. I completely object to Veolia's proposed incinerator being built in Tarago.

The NSW Government admits in its own Energy from Waste Infrastructure Plan that waste incinerators negatively impact human health:

*"Populations can still experience health impacts when emissions are below the national standards, and for some common air pollutants, **there is no safe threshold of impact**".*

I understand that:

The incinerator will exceed NSW government safety limits for air emissions during start-up, shutdown and many other 'non-standard' operating conditions.

Veolia's incinerators overseas often exceed safety limits.

Veolia has a track record locally for failing to comply with license conditions at their existing Woodlawn facility.

It's concerning that the NSW Government is considering Veolia's proposal for a Waste to Energy incinerator, knowing it will be in an area where residents rely on tank water.

I, Sarah Avery, have not made any reportable political donations in the last two years.

I, Sarah Avery, acknowledge and accept the Department's disclaimer and declaration.
