My submission is as follows:

I think this Development would be very economically and environmentally healthy for the Hunter Region and Lake Macquarie. The 8 At Trinity restaurant is already both a financially and critically successful hospitality venue which serves as an indicator that this Development could be a huge benefit for the people in the area. Moreover, the Project will improve Public access to the Lake, stimulating its economic benefit.

By making this submission I confirm I have not made any reportable political donations in the last 2 years.
