My submission is as follows:

My support for this project starts with family & community. Our family have benefited from gatherings at 8 on many occasions where food, service & ambience are above anywhere else in this vicinity. The new proposal which is the 'greenest' I've seen in this district brings opportunity for more people to enjoy all the benefits of this proposed community. Based on what has been achieved I have every confidence that the vision as proposed will benefit this district and all who live nearby.
