My submission is as follows:

- * This will greatly improve employment possibilities in the area
both during construction & after with jobs available
- * The new proposal is much superior to the current
approved scheme.
- * It is a high quality venue for the local community to enjoy
for all occasions & celebrations. (Much needed in the area)
- * The new proposal is far superior including moved parking
to underground out of sight.
- * Good looking green use - eg solar, water re-use, sightings
of the buildings " green canopy use.
