My submission is as follows:

I beleive with the information that has been made available to me, that the proposal for a hotel with a marina along with creating Jobs for people on the southern end of Lake Macquarie as an asset to the area.

I own a property in Wyee Point only 4km away as the crow flies, I am gainfully employed in fulltime work as a chef, When the proposal is accepted by local and state government not only will I be employed but I can only assume many more would be.

I am excited to see more gentrification brought to the area as I moved North from Sydney and 8 @ Trinity has only raised the Bar perse.

Name: I would love the southern end of lake

Address: Macquarie only to grow and prosper with many facilities like this proposal.

Mark Wardale
