My submission is as follows:

I chose to come to Trinity for my PhD graduation today. I am impressed with the establishment and what it offers to the community and for tourism. I see this development crucial for the progression and development of Lake Macquarie to be on the map and to drive tourism and provide additional services (restaurants, hotels etc) for the community. I love the design that promotes the natural environment and is aesthetically pleasing to view and experience. We would come more often to Lake Macquarie if we could experience the facilities proposed by Trinity.
