My submission is as follows:

I believe the new proposal is superior to the old in a number of ways. The architectural design and landscaping is unique and would potentially be a very well known site, increasing tourism in the area. This in turn promotes job opportunities, a "must" for an area to thrive. With other major developments commencing in the near vicinity, I believe the need for high quality accommodation is imperative. With this development, the area would have all it would need to become a desirable location, drawing visitors from Sydney, the Central coast, Newcastle and the Hunter Valley.

By making this submission I confirm I have not made any reportable political donations in the last 2 years.
