My submission is as follows:

The Trinity Point development will be a valuable addition to the life and landscape of Lake Macquarie. It will be a landmark facility marked by innovative architecture and high quality service. The potential for local employment both during and following construction will be welcome within the community. The new proposal which reduces the number of buildings, includes features which will improve the overall aesthetic of the area both from the land and the water

By making this submission I confirm I have not made any reportable political donations in the last 2 years.
