My submission is as follows:

I am in support of this project as it will create a range of opportunities in the community and promotes sustainability. The current Western Lakes area shows the potential to become a destination, and I believe the approval of this project would be a huge step in the right direction. As well as this, it would open up a large amount of employment opportunities, beneficial to the community and our economy. I see no faults in this project, it is environmentally friendly, poses many advantages for all parties involved & will transform the Western Lakes area into a beautiful destination for all to enjoy.
