Dear Paula,

I received a request on 16 December 2022 for more details on the suggestion made regarding the Civic Walkway next to the Roxy Theatre in Parramatta. As you might be aware this is right next to the new Parramatta Station as part of the Metro West project.

My suggestion was for a Spanish Revival wall fountain in keeping with the heritage listed Inter-War Spanish Mission theme of the Roxy Theatre. I am a designer and the request received asked me for costings most of which are out of scope. I did try contacting fountain specialists and one landscape architectural practice but apparently they are not interested in a joint proposal.

What I have done is select two existing fountains to provide a comparison. The quotes in US dollars are from a specialist firm in California that designed these fountains and for the supply of tiles only. It does not include shipping or local construction. I have also designed a completely new fountain and the Concept Drawing is attached.

I am not sure how to proceed and that is the reason for this email.

Sincerely,

Peter Retallick MDes
