

5-12-2022

To  
The Director - Energy Assessments, Development  
Assessment, Department of Planning and Environment

Name of Project:- Winterbourne Wind Farm

Application number SSD-10471

I object to this project

Reasons:- (i) Lack of communication

- a) Energy NSW representatives - information meetings on process - too late. No community meeting to gauge feelings of people who will be affected
- b) Secrecy between developer and host farmers.

(ii) Transport route - bridge at Walcha rd "No passing or overtaking" - Over 60 houses on route & 5 trucking businesses

(iii) Height of turbines (230m)

(iv) Number of turbines

(v) Proximity to town (6.5 km)
