

Josh Wellings

28/11/2022

Director – Energy Assessments, Development Assessment  
Department of Planning and Environment  
Locked Bag 5022  
Parramatta NSW 2124

Reference: Winterbourne Wind Farm SSD - 10471

**I OBJECT to the Winterbourne Wind Farm development.**

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I am a young business owner in Walcha. Our house where we have 5 kids under our care lies on what is described as a quite place of residence, until the proposed 558 vehicle movements per day come. I strongly object to to this amount of vehicle movements disrupting my way of life.

I am concerned about the visual and health impacts that the 119 wind turbines threaten us with. The closest turbine will be 6.5km from my house. Totally unacceptable. Why hasn't the legislation changed with the sheer size of these turbines. 230m turbines multiplied by 119 is too much.

I live in a small agricultural township for a reason. I do not want to live in a small town that is been asked to provide 4gigawatts of cumulated projects, enough energy to power 2.5million homes in NSW. I like my township of 500 homes. We need some planning around the New England REZ zone.

Kind regards,

Josh Wellings
