Director – Energy Assessments, Development Assessment
Department of Planning and Environment
Locked Bag 5022
Parramatta NSW 2124

Reference: Winterbourne Wind Farm SSD - 10471

I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I have lived in Woolbrook for over 20 years and know this community well.

I have several reasons for my objection to this wind farm. They include:

Visual: I moved from Brisbane and live on the McDonald River in the Walcha Shire, to admire its beauty and not a landscape of turbines. I fear the Winterbourne Windfarm is just the start. If approved, we will eventually have turbines in Woolbrook. I do not want this. No amount of money will make me happy to look at them.

Land Values: Very concerned about land values and the potential affect this will have on my children's inheritance.

Decommissioning: While my husband and I won't be hosting any turbines, I am worried about the decommissioning or the lack of decommissioning in the future.

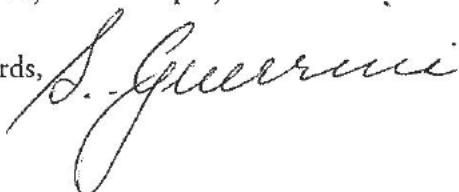

Traffic Increase and Road Conditions. The amount of traffic that will come along the Oxley highway through Walcha as a result of this wind farm project, will be enormous. This project will also affect my travel to and from Walcha and also affect my travel to both Tamworth and Armidale.

Noise: I'm worried about the potential turbine noise in my backyard from the neighbours who will be hosting them.

Powerlines: I am also very worried about the powerlines that will follow the turbines here.

I strongly object to this project.

Kind regards,

Susanne Guerrini
