Name: Judith Salter

Date: 25/11/22

Director – Energy Assessments, Development Assessment
Department of Planning and Environment
Locked Bag 5022
Parramatta NSW 2124

Reference: Winterbourne Wind Farm SSD - 10471

I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

The reason for my position stated above is the following;

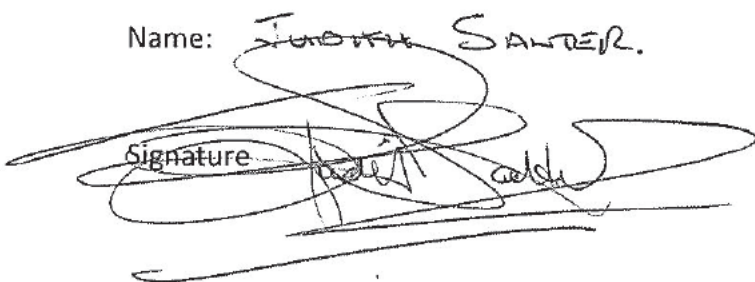

My objections are as follows

- This beautiful countryside will be destroyed aesthetically, environmentally, and productively, because of the wind turbines and transmission lines.
- Animal and wildlife will be negatively affected because habitats will be destroyed
- Trees will be cut down. We need these trees desperately, especially for carbon storage, with climate change
- Birdlife, ie wedge tailed eagles, which are a protected species, will be killed.
- Destruction of roads
- Road congestion affecting traffic conditions and emergency access
- The growing community division
- Aviation problems with light aircraft being able to fly within the turbine zones- especially impacting emergency services and fire-fighting abilities
- Very concerned about the lack of community engagement and consultation
- Negative health issues from the turbines- especially electromagnetic field waves that can possibly cause cancers and mental health issues to name just a couple
- Drop in days have been anything but informative

kind regards,

Name: JUDITH SALTER.

Signature

A large, stylized handwritten signature in black ink, appearing to read 'Judith Salter', is written over the 'Signature' label and extends across the bottom of the page.
