

Dianne Hosking

1/12/2022

Director – Energy Assessments, Development Assessment

Department of Planning and Environment

Locked Bag 5022

Parramatta NSW 2124

Reference: Winterbourne Wind Farm SSD - 10471

**I OBJECT to the Winterbourne Wind Farm development.**

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I object strongly to the development of the Winterbourne Wind Farm Project because of the following reasons:-

- **Traffic-** The roads are bad enough now, so with the increased traffic the road conditions are going to deteriorate even more. I am worried about who is going to maintain these in the short and long term.
- **Bush fire risks-** how are these going to be managed with the wind turbines. No-one has told us about how these are going to be put out if we can't get helicopters to the area.
- **Medical concerns-** how are helicopters going to land in isolated areas when accidents occur. This could result in critical delays in getting medical attention to injured farmers, bike riders, hikers etc which could seriously affect the health outcomes of these people and could even result in death.

Kind regards,
