I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

I moved to Walcha sever years ago to escape the overdevelopment of the coastal area where I lived (Bellina).

The areas of concern I have with this development are.

- ① Visual impact in the environment (will see up to 60 Towers from my home)
- ② Water is a major concern, a recent drought highlighted the lack of available resources.
- ③ Bush fire fighting will be impacted by restrictions of movement of fire fighting equipment
- ④ Roads and infrastructure damaged by the huge amount of traffic movements.
- ⑤ An inadequate planning for removal and decommissioning of the towers after their life span.
